

James Tierney, 18, Wins New Auto Worth \$2289. At Cost Of 25 Cents; 'Fine Graduation Gift,' He Says

"You're A Lucky Boy!"

JAMES TIERNEY—happier that he has ever been in all his 18 years—is officially notified by Chairman William Toomey, left, that he won the car awarded Saturday at St. Agnes' school hall Saturday night. (Dwight Davis Photo)

Newcomb Street Man Breaks His Back In Tumble From Ladder

Lorner L. Lewis, 58 of 56 Newcomb St., well known as a house-to-house egg salesman, was seriously injured early Saturday afternoon when he fell from a second story window of his home which he was painting.

At Symmes Arlington Hospital where Mr. Lewis was taken in the

police ambulance, it was found that he had suffered a spinal fracture. He will be hospitalized at least four weeks.

Mr. Lewis, who owns his own home on Newcomb St., was painting the trimming on the house, when he fell from a ladder he had raised to a second-story window.

Girls On Bikes Crash; 1 Suffers Ankle Injury

It was not exactly as resounding a crash as when two autos come together, but it was a painful collision nevertheless for one of two nine-year-old girls whose bikes came together Saturday in Menotomy Rocks Park.

Patricia Nordling, 9, of 30 Venner Rd., complained of an injured left ankle after her bike and another operated by Frances Wood, 9, of 25 Kensington Park, collided. The girl was treated by her family physician.

James Tierney of 41 Alton St., 18-year-old high school senior who contributed 25 cents for a single share on the 1948 Buick awarded in connection with the Archbishop Cushing charity fund, was proclaimed winner of the coveted car at St. Agnes' school hall Saturday night.

Due to graduate from Arlington High School next Tuesday, Jimmy was at home with his widowed mother and sister when word was brought to him that he had won the car. He had left the hall a few minutes before, and the news left him pale and unbelieving.

He returned to the hall where Chairman William Toomey formally presented him the car in the presence of Archbishop Cushing, while a Press photographer snapped their pictures.

"It's certainly a wonderful graduation present," Jimmy commented, still dazed at his good fortune.

According to his mother, he hardly slept that night. The fine new car—his first—probably will not change his plans, however, to enlist in the Navy after his graduation.

The Tierneys—Mrs. Mary Tierney, Phyllis Tierney, Jimmy and one married daughter, Mrs. Ruth Berk—already had a car, a 1946 Dodge. Jimmy had often driven this car, having been a good driver some two years.

But now he has his own, and his happy mother told the Press:

"Jimmy is a very good boy. He goes to mass every morning and he gives credit to the Blessed Virgin for his good fortune."

The auto he won for his 25-cent share has a listed value of \$2289.93. The Tierneys will have to pay a federal sales tax of some \$400, but this isn't worrying them much.

Some 800 persons witnessed the drawing for the car Saturday night, when Chairman Toomey presented the Archbishop with a check for \$7,000 to go toward the rebuilding of Carney Hospital in Boston. Toomey explained that some \$700 to \$800 more probably will be turned over to the Archbishop as a result of the car award and a recent penny sale.

The Archbishop commented after the car had been awarded that he himself had invested \$1,000 of his own money in the car.

"If I had won it," he said with a smile, "I planned to award it in some other community to further add to the Carney Hospital fund."

I WONDER how many realize that 50 per cent of the increased cost of homes is due to government taxes on building materials and that the lifting of these taxes would be a major contribution to solution of the housing problem?

Four Here To Get Degrees At Emmanuel

Class Of 473 Seniors To Receive Diplomas At Open-Air Exercises At High School Tuesday Night

Four hundred and seventy-three seniors at Arlington High School will receive their diplomas next Tuesday at open-air exercises at 6:30 p. m., at the school's Peirce field. Of the 473 in the graduating group, 72 are graduating with honors.

The number of graduates this year is slightly higher than in 1947, when the total receiving diplomas was 469.

Principal Herman C. Gammons, who is retiring this month, will preside at the graduation exercises for his 28th and last year.

The diplomas will be presented by Joseph Bevins, chairman of the school committee.

Four seniors—two boys and two girls—have been chosen from among the top ranking 20 per cent of the 1948 class for the honor of delivering essays of their own composition. Honors and awards will be distributed, but no advance announcement in this connection is being made.

In the event of rain, the exercises will be postponed to Wednesday night.

Appoint 26 Firemen; 48-Hour Week Goes Into Effect Sunday

The 48-hour week for Arlington firemen, which was approved at the March town election, goes into effect next Sunday, and in this connection Acting Fire Chief Richard Tierney this week appointed provisionally 26 additional firemen.

The 26 appointees will, with five men added in May, give Arlington a total fire-fighting force of 91 men as compared with 60 previously.

The list of new men submitted Tuesday night to the selectmen, and approved. All 26 have had some preliminary training but will now go through a rigid 60-hour training course and within three months must qualify for permanent appointments.

The new working schedule which goes into effect Sunday morning will find firemen working alternately day and night, with a 14-hour night shift and a ten-hour day shift, but no man working more than 48 hours a week.

The newly appointed men start at \$42.09 a week and will undergo intensive training at the fire school which is headed by Deputy Chief Charles Flynn, with Capt. James Doherty and Lieuts. Harry Cooper and R. Mahoney as instructors.

The new men are:

Joseph Allosso, 69 No. Union St.; Robert C. Blomquist, 59 Webster St.; Warren G. Canavan, 11 Moore Pl.; John F. Connors, 39 Amherst St.; John P. Day, 52 Warren St.; John Duddy, 11 Dartmouth St.; Chester C. Egan, 23 Burch St.; Kenneth A. Felton, 818 Mass. Ave.; Walter W. Fifer, 41 Kimball Rd.; John E. Flynn, Jr., 89 Waverly St.

George L. Francis, 186 Palmer St.; William J. Graham, 39 Lewis Ave.; John J. Hurley, 28 Grove St. Pl.; Charles D. Mahoney, 278 Broad (Continued on page three)

Blind Honor Student

GREGORY B. KHACHADORIAN, who was blinded in an accident five years ago, will graduate from Arlington High School next Tuesday—the first blind student ever to receive an AHS diploma. Gregory, who will be 20 years old July 8, is the only son of Mr. and Mrs. Benjamin Khachadorian of 32 Church Ave. He plans to take up the study of business administration at Boston University next year, and then may study law. He was fixing a tire in a garage in Cambridge when he was 14 when the rim struck him in the eyes. For four years he studied at Perkins Institute for the Blind, and while a senior at AHS has continued studying by use of Braille books—and with the assistance of ten volunteer girl readers, two of whom have read to him every day. He has enjoyed his senior year, made many new friends—and is graduating as an honor student. He's pictured above with some of his Braille books—of which it takes 20 volumes to record the words in the bible, and four volumes to equal a "pocket size" book. (Dwight Davis Photo)

Parking Meters' Installation Hits Slight Snag As Two Are Placed On 'Private Property'

A slight hitch cropped up this week in the work of installing 300 parking meters in Arlington.

Mrs. Donald Meyers of 22 Pleasant St. registered a complaint with police that two of the meters, being installed in front of her home, were being placed on her private property—some two feet away from the curb.

Police Chief Archie F. Bullock made a personal inspection and found that the standards for two meters have in fact been placed some two feet away from the curb.

There's an explanation: the tar sidewalk at this point has worn away, and there's a space of two feet from the curb where it's just sand. The workmen digging the holes for the meter poles decided they couldn't do a good job in the sand, so they dug where there was a better hold.

Chief Bullock told the Press that, though the meter devices are far from the curb, they'll still on property that has been town property "ever since Pleasant St. was opened for traffic."

The Meyers are partly right, he said, in that the land was part of their original property, but added that "they would never regain right to it unless Pleasant St. was closed as a public thoroughfare."

The chief indicated the meters would remain as now installed.

Mrs. Harold Rogers Chosen Catholic Women's Club Head

Mrs. Harold J. Rogers of 30 Whittemore St., a charter member of the Arlington Catholic Women's Club and its immediate vice president, was elected president of the organization for the coming club year, at an annual meeting last week.

Mrs. Rogers has been a member of the club's board of directors ever since it was organized, seven years ago, and served both as second and first vice president. The meeting last week closed the club's season, and activities will be resumed in October.

A bouquet of red roses was presented to Mrs. Henry A. Lydecker, retiring president, while black handbags were presented to Mrs. William Harwood and Mrs. William MacDonald, who served as

Auto Meters Ready In Two Weeks

The 300 parking meters being installed in Arlington's business districts probably will be in operation within two weeks, Police Chief Archie F. Bullock said this week.

Chief Bullock said that he expected installation of the meters to be completed by the end of this week. It may even be possible, he said, to start painting them before Saturday.

Final approval of the installations must be secured from state officials before the meters are placed in actual operation.

'Lost Mirror' Taken In Tow

Open Door Of Auto Hit By Passing Car

Thoughtlessly opening the door of his car while double parked in front of 321 Broadway Friday night, Romeo David of Sylvia Rd., Billerica, discovered he should first have looked behind.

The open door swung into a passing machine operated by Lindsay Foster of 8 Chesterfield Rd., East Winchester, damaging its left rear fender—and doing the open door no good either.

I Wonder ?

I WONDER if you noticed that news item in the dailies Tuesday, reporting the fact that more married women than single girls are employed at paying jobs and if this bursts the bubble for girls who've believed that getting married was a sure way to quit working?

I WONDER if you've got any 'I Wonders' to contribute?

I WONDER what Harry O'Reilly of Grafton St., is doing to combat that trouble of high blood pressure which seems in his case to be the penalty for over exertion and activity?

I WONDER why Joseph S. Vahney of Oakland Ave., shouldn't be successful as a candidate for the office of Jr. Vice Commander of the State VFW?

I WONDER how many commented on the snappy police escort headed by Sgt. William Germain in the Memorial Day parade?

I WONDER if there are any local vets who are not aware that today, June 3, is the day to register if they have housing difficulties?

I WONDER how many Arlington admirers of Richard Strauss, the famous composer, know that he will celebrate his 84th birthday next week?

I WONDER if there will be any action on the request for reasonable use of the police ambulance to out-of-town points, in emergencies which require patients to be taken beyond the town limits?

I WONDER if all town-owned cars shouldn't bear distinguishing plates?

I WONDER if the A & P would consider it a good investment to improve its parking lot on Mass. Ave., opposite the library?

I WONDER if the local AM-VETS shouldn't be congratulated for their current efforts to raise funds to present the town with a portable 'iron lung'?

I WONDER when some gent with another tax-collecting idea will come forward with the suggestion that pedestrians be equipped with metered pedometers?

I Wonder ?

I WONDER if it wasn't good news when the Buick awarded Saturday was won by a local resident?

I WONDER how many realize that this newspaper is the first publication of town news to reach the greatest number of readers every week?

I WONDER if Joan J. and Dan G. aren't an awfully nice young couple?

I WONDER if we'll be seeing you at the bean supper at Calvary Methodist Church this Saturday night?

I WONDER if Gladys isn't getting to be a darn good bridge player?

I WONDER if Lorraine G. and Donald B. have set the date?

I WONDER if Billy gets his Jokes from Marsha?

I WONDER if those new plastic business cards that Robert J. Weston is putting on the market aren't something to attract attention to any business?

I WONDER who can be given credit for the expression "a bucolic town possessed of definite antediluvian tendencies?"

I WONDER why the paper that has the greatest town circulation isn't the proper medium for carrying legal notices concerning town business?

I WONDER what's going to happen to the existing hitching posts, or are they going in competition with the new parking meters?

A New Bus Stop; Will There Be A Shelter?

The bus stop now located directly in front of Koford's Restaurant on Mass. Ave. is being shifted some 200 feet to a new bus stop directly opposite Pleasant St., it was disclosed this week in connection with installation of parking meters. This is perhaps the busiest bus stop in all of Arlington, and at the new location passengers waiting for buses will have absolutely no protection from the elements.

There has long been agitation for a bus shelter, and now the need will become greater than ever.

As it happens, there is a plot of ground owned by the Boston and Maine Railroad at the new bus stop location. With plenty of room for a bus shelter, will someone now take the initiative to see that such a shelter is built? The railroad, we're sure, would willingly cooperate.

Firemen's New Hours

We were looking over, yesterday, the new set-up of working hours to be instituted in the fire department Sunday, when the 48-hour week goes into effect.

It is a unique, carefully-thought-out system of working hours. It doesn't place any man on a REGULAR working basis, for all alternate between night duty and the day shift, but any of the men can look at the schedule and know—months ahead—just what their hours will be on a certain date, just when they'll have days off. And twice in a period of seven weeks they have three days off at one time—a consideration they'll appreciate, especially in summer.

The system was worked out after a careful study of similar plans in effect in Boston, Malden and Lowell, and it represents improvements based on experience in those cities. What's more, it's as considerate of the men as it is efficient, and Acting Chief Richard Tierney is to be commended for the thought and effort that went into working out the plan. It should contribute much to the morale of a department that now suddenly finds itself much larger, but that always has been a good department.

Now, during his high school years, you very often find this handsome, 16-year-old lad working behind the counter of his father's store, the Regent Del. Here he does every thing from being courteous to customers to making cream cheese. When he's not busy at the store, he's usually buzzing around in a '48 Olds, quite often in the direction of Chelsea, where 'tis said he visits a certain "Doris."

Harris is a very good college 1 course student, his chemistry lab period being his favorite. His outside activities include working on the "Chronicle", dancing at the "rec", and enjoying his favorite sport, swimming. Most note worthy of his accomplishments, probably was saving an eleven year-old girl's life two years ago in Revere.

Cops Watch For Loose Wires On Light Poles, As Result Of Lineman's Death Last Week

Perham Sees All-New '49 Ford Auto

Police are taking no more chances on loose wires hanging from electric light poles—not since last week's fatality, when a lineman was electrocuted in Arlington Heights when he touched a loose wire pole had thrown over a power line.

Patrolman William J. Lanigan reported a loose wire hanging on an electric light pole on Westminister Ave., at Park Place, Saturday noon, at the Boston Edison Co. was promptly notified.

In addition to the ladder, four shovels also were carted off.

CYO Team Opens With 11-7 Victory

The first home game for the St. Agnes Intermediate C. Y. O. Team was played last Friday night at Spy Pond Field with an 11-7 victory over St. Polycarp. The event was a booming start for the home-town and showed the strategy of its new coach, John "Red" Cadogan.

St. Polycarp started off by scoring two fast runs in the first inning but did not click again till the sixth when they crossed the plate five times. In the meantime St. Agnes started slowly with only one run in the second inning but the third stage decided the game. With two bases-on-balls, a pair of errors and six big hits, ten runs were scored.

In that third inning four of the runs were the result of Jack Doran's home run deep in left field. Jim Desmond likewise helped the situation by his double with men on base.

Lefty Bob Stevens was the winning pitcher for St. Agnes and did exceptionally well for his first start by striking out five, giving but three walks and allowing only five hits, none of which were more than singles. Three St. Polycarp pitchers allowed ten hits, struck out four and walked a like number.

Windows Broken

The usual crop of broken windows was reported to police over the weekend, most of the shattered window panes being blamed on ballplayers.

Three windows were broken at the senior high school, four at Jr. High West, two at the Hardy School and one at Brackett School.

Complain Of Swimmers

The first complaints of boys swimming in Spy Pond, off private property, are being lodged with police.

House Roof Prey To Fire

The roof of a two-and-a-half-story frame dwelling at 11 Harlow St., was damaged considerably by fire Friday night, but firemen extinguished the blaze before it could burn down into the interior of the building.

The fire started from some unknown outside cause and was confined to the shingling and roof gutters. The building is owned and occupied on the first floor by Paul J. McKinnon, the second floor tenant being Paul Hoeger.

Girl Followed; Cops Alerted

A 24-year-old Tanager St. girl was running breathlessly when she reached her home late Friday night.

She explained that a man had been following her. The girl's father notified police, describing the girl's pursuer as a man about 40, weighing 160 pounds, and wearing a leather jacket, khaki pants and sneakers.

The man, according to the girl, had followed her from Appleton St. and Claremont Ave.

Appreciative

Mr. George S. Tattan, Publisher, The Arlington Press, Dear Mr. Tattan:

At the annual meeting of Trinity Baptist Church in Arlington, expressions of appreciation were voiced—and it was unanimously voted—to thank the publishers of the Arlington Press for their considerate presentation of items of interest in our church life, as they relate to others in our community life. As the Clerk of the Church, it has become my pleasant duty to convey to you both our appreciation and our thanks for your cooperative spirit in this matter.

May I add that it is particularly appreciated that the activities of the Church are publicized, because in this era of chaos and confusion many are looking to the Church Universal for the Way of Peace, the Way of Unity, the Way of Brotherhood, and we, of the Church, claim that Jesus is the Wayshower.

Respectfully
Virginia B. Anderson (Mrs. F. J.)

MAYOR OF THE WORLD'S LARGEST CITY, William O'Dwyer holds a picture of New York Harbor. In the foreground of the photo is Ellis Island, through which he passed in 1910. Since then, he has been coal passer on an ocean-going freighter, river steamer stoker, plasterer's helper, bartender, policeman, lawyer, magistrate, judge, prosecutor and army officer in World War II.

A GROUP OF ENLISTED MEN are shown as they began a six-week diet on biscuits and water to aid the U. S. Army in developing a survival ration for military and civilian use. Conducted under the supervision of a number of New York physicians, the test is being held in Metropolitan Hospital. During the six-week period, the men will live under conditions that simulate the lot of a shipwrecked crew. (International)

MAYOR BARRYMORE — Lionel Barrymore, heard on ABC as the "Mayor of the Town," makes a last-minute check of his script with Agnes Moorehead, who plays his housekeeper on the program. Barrymore has portrayed radio's Mayor for more than six years.

WHITEMAN'S PRIZE — Paul Whiteman, proxy of ABC's "Paul Whiteman Record Club," sits at the helm of a Holiday cabin cruiser, one of the five grand prizes in the "Memory Tune Contest" he will conduct on his daily program for the benefit of the American Council on Rheumatic Fever, for four weeks beginning March 1.

Pals' Game For Sunday

The Arlington Pals will play the newly-formed St. Patrick's nine at Stoneham tomorrow, Friday, starting at 6:15, at the Arlington Heights reservoir field.

University Headliners

Hailed by the critics as the season's most engrossing screen drama "The Naked City," produced by the late Mark Hellinger, comes to the University Theatre on Sunday.

Fitzgerald, has the role of Detective Dan Muldoon. The part is regarded as the most colorful in the star's long list of out-standing performances including his Academy Award winning portrayal in "Going My Way."

Headliners in the featured cast are Howard Duff, Dorothy Hart and Don Taylor.

"Albuquerque," the companion film is reported to be a graphic and gripping story of that city's turbulent infancy, successfully blending all the ingredients that make up an exciting outdoor drama—vicious gun-play, stirring hand to hand fights, romance, comedy and breathtaking technicolor.

On Wednesday, review day, the program includes "Till the Clouds Roll By" featuring Robert Walker, Van Heflin, Kathryn Grayson and June Allyson and "Thunderbolt," the Army Air Force's top secret film of "Operation Strangle."

"The High Wall," which starts Thursday takes a bomber-pilot into the shadowed mysteries of narcotics synthesis in an effort to probe the haunting, broken memory of a night of crime. Entertaining and also

There will be seven committees working on the fine arts project, as follows: program planning, Mrs. Hector MacNeil, chairman; sponsorship Mrs. George Ham, chairman; publicity, Mrs. Albert R. Porteus, chairman; tickets, Mrs. George Walker, chairman; auditorium, Mr. Donald Johnston, chairman; ushers, Mrs. Paul Heeger, chairman; program printing, Mrs. James R. Boyd.

A social hour followed the meeting, with Mrs. Charles Larden and her committee in charge. Hostesses were Mrs. Harold E. Lafayette, Mrs. Paul Heeger, Mrs. Edwin Barnard and Mrs. Miller Laufman.

DeMolay Lunch

Mrs. Stanley M. Ryerson of 26 Hopkins Rd. is in charge locally of arrangements for transportation to the annual luncheon of the Belmont DeMolay Mothers' Club, to be held at the Abner Wheeler House in Framingham next Thursday, June 10, at 1 o'clock.

Transportation may be arranged by contacting Mrs. Ryerson.

suspenseful, it presents an extremely interesting study and gains in warmth and emotional appeal as the young woman psychiatrist professionally fighting for the sanity of her patient, is challenged by his courage and integrity. Robert Taylor and Audrey Totter are thoroughly believable in the difficult roles and Herbert Marshall portrays the suave and charming villain with his usual distinction.

With Wallace Ford playing an ex-crook who is determined to become a gentleman, and in the process makes himself an expert on etiquette, interior decorating, French pronouns and what the well-dressed clubman will wear—you have the amusing promise of "Alias A Gentleman," the companion film.

Stalin Presents Greatest Threat To Liberty, Memorial Day Speaker Warns Audience Here

"Three years after VJ-Day, the American people find that tyranny like a cat with nine lives is a monster most difficult to destroy," John Shea of the American Legion told students at Junior High School West last Friday, at Memorial Day exercises typical of similar exercises held at the high school and at the other two junior highs.

"Another despot," said Mr. Shea, "has risen to dream of world domination. He is Joe Stalin, the overlord of expanding world communism. He doesn't believe in an American Century with peace and freedom and opportunity for all peoples."

"He dreams of a Soviet Century with the hammer and sickle, and a commissar ruling the life of every individual in the world with an iron hand."

"Of all the threats to human freedom and liberty—communism is the greatest. The second World War left the face of the world strewn with the wreckage of nations and empires. War-ravaged peoples live in despair amidst the ruins of their cities and industries. Hunger, unemployment and pestilence are stalking many lands."

"These victims of war have become the grist for the mills of communism. Many of these weakened nations have toppled before the force displayed by communistic Russia with its inexhaustible manpower and natural resources."

"The success of Soviet bayonets has merely whetted the appetite of Dictator Stalin. His Politburo,

the supreme Kremlin high command, has launched a world-wide communist conspiracy to pave the way for Russian armies through sapping operations by red fifth columns in every nation on earth.

"Those red columns are busy right now in America, seeking to undermine this greatest of freedom's strongholds."

"The American people, loath as ever to believe the worst of others, were slow to awaken to the menace of communism. That they have become aroused over the communist danger to freedom at home and abroad is no small degree due to a realistic American Legion."

"Communism already has split the World in two. One half is now enslaved bearing the Soviet Yolk. The other half, yet free, is a shrinking half rallying round America as the last refuge of that concept of liberty which would make every man and woman everywhere free."

"A titanic clash is now in progress between two diametrically opposed ideologies. On one hand we have Soviet Russia, the champion of communism with its unholy philosophy that the state is the master of the people and that the individual doesn't count except as an expendable pawn to make the state a stronger slave master. On the other hand is America with its concept of human freedom under which the state is the servant of the people and existing only to safeguard and promote the

rights and interests of the sovereign individual within the framework of majority rule.

"Throughout the world there is going on today a bloodless war between these two ideologies. So far it is a struggle for the hearts and minds of men. We are backing up our good neighbor and good will ideas with billions of dollars through the Marshall plan. It is the greatest helping hand example in all history."

"Russia is fighting the Marshall plan with the greatest program of lying propaganda in all history."

"The American Legion is realistic. It believes that there is a time when a Christian neighbor must be a muscular neighbor. That time is NOW."

Drawings To Be Exhibited

Beginning on Monday, June 7, a number of drawings made by public school art students will be on display in the gallery of the Robbins Memorial Library.
